THE W. C. T. U.

New Haven County-Twelfth Annual onvention Attended by 200 Delegatesleports Made-Work Among the Needy and Unfortunate-The Tobacco Habit-The Election of Officers.

The twelfth annual convention of the omen's Christian Temperance union New Haven county was held in wight Place church yesterday. About 0 delegates were present when Present Mrs. Alta H. Downs of Bethany illed the convention to order at 10 clock. The report from the unions

Ansonia, Bethany, Cheshire, East aven, Guilford, Meriden, Milford, Midsebury and New Haven No. 1 and 2, ere read by their secretaries. All of he reports showed a marked increase membership and told of the good hristian work they were doing among he poor, making clothes, saving the runkard and leading him to Christ.

The new president of New Haven inion No. 2, Dr. Mary Moody, was inroduced. The entire convention rose ind waved handkerchiefs in honor of he lady. Her address was very intersting. It told of the work in the jail; low she visited the prisoners and read o them from religious works; also vriting letters for those who could not vrite, and of the vast quantity of reigious books and pamphlets she had listributed among the prisoners and imong the inmates of the hospital The poor families, too, were supplied with reading and clothes. A colored Y. M. C. A. had been formed in the city, and now under the wing of the union a paper was issued, edited by a colored man, the only one in the state.

Mrs. Pollock of Ohlo was introduced and spoke of being an old crusader. She told of her work in the gutter, how as her home in the west they had instituted a crusade against the saloon and how God smiled on the work. "We will continue," she said, "and sisters it won't be long before the curse of saloons will be wiped from the face of the land. God is with us, and success is sure."

Mrs. Mary Nettleton of this city gave quite a talk about narcotics. She was appointed superintendent of narcotics two years ago, and her first work was to go to Principal Hurd of the Winchester school and solicit his co-operation in having the tobacco habit eliminated from the schools. He told her that the text books on physics were the best published, but the teachers were not obliged to lay special stress on the evils of the habit. If she would have a pamphlet written on the subject he would see that every teacher would receive one. Mrs. Nettleton did not feel able to write one which would do justice to so momentous a subject, and saw several ladies and literary gentlemen and asked them to contribute their efforts towards getting out a prope They all expressed delight treatise. with her idea, but would not attempt any writing on the subject. Finally, after a year of patient effort, she wrote an article herself and read it yesterday morning. It is addressed to the teachers and tells of the cigarette, and of boys falling from grace through its influence. Among other bad effects she ascribed to it is color blindness. The paper urges the teachers to train the boys to fear its evil. It was a well composed pamphlet and will be publish-

ed by a Chicago firm soon. Mrs. C. A. Holmes gave a very interesting account of the work of the National convention, which was held at Baltimore in October. The treasurer's report showed the amount received to be \$82.57 and disbursements \$63.64. Mrs. M. J. Ellis gave a very interesting address on the work of the society.

The following officers were elected for next year; President, Mrs. Alta H. Downs of Bethany; vice presidents, Mrs. C. A. Holmes of Meriden and Mrs. H. H. Thompson of New Haven; secretary, Mrs. Anna G. Exwark of Meriden: treasurer, Miss Mary Wyllys of North
